

UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant : Barwicz et al.  
Patent : 7,084,974  
Issue Date: 8/1/2006  
Appl. No. : 09/721,749  
Filed : November 27, 2000  
Title : APPARATUS AND METHOD FOR LIGHT SPECTRUM  
MEASUREMENT

Docket No.: 14734CIP

Honorable Commissioner of Patents  
Alexandria, VA 22313-1450

CORRECTION TO ENTITY STATUS

In reference to the above identified US Patent, a correction of status is requested. The change in status of this application occurred prior to the payment of the Issue Fee but was unknown to applicants' representatives at the time of payment of the Issue Fee, therefore, an update in status from small entity to large entity is being filed herewith. This error occurred without any deceptive intent.

The Issue fee of \$700.00 paid on November 22, 2005 should have been paid as a large entity in the amount of \$1400.00, therefore, the amount of Issue fee owed at this time was \$700.00.

A check in the amount of \$700.00 for the remainder of the Issue fee is enclosed. Any deficiencies in the extension of time fees may be charged to Deposit Account No. 04-1577.
